

Twenty-two selected artists will participate this weekend. This self-guided **free** tour will direct you to out-of-the-way places not usually open to the public. Meet the artists, experience the art and discover beautiful Skagit County. Visit our website to download and print your own map for the tour. SAT is now a 501(c)3 organization. www.skagitartiststogether.com

SAT's mission is to create collaborative opportunities which connect the citizens of Skagit County with the visual arts.
